## MPCA exists for one simple but profound reason — there is strength in numbers.

Together we can accomplish so much more than any single industry member can accomplish individually. MPCA is the only association in Jefferson City that is 100% dedicated to all aspects of the petroleum and convenience store industries.

## Lobbying & Political Clout

MPCA's primary purpose is to protect and advance our member's legislative and regulatory interests in Jefferson City and Washington, DC. This is also accomplished through MPCA's PAC and PAC Bundling Programs by establishing friendships in both political parties at both the state and federal levels.

## Networking Events & Fellowship

MPCA's secondary purpose is to provide members with business opportunities and social functions that provide interaction with fellow industry members. Association events include the annual PACE trade show, the annual golf tournament, MPCA's lobby day and other fund-raiser events and regional meetings.

## Publications & Website

MPCA's Newsletter, Pipeline Magazine, Annual Directory, and PACE Directory provide members with information on important items of interest including legislative issues, state and federal regulations, upcoming events and activities, etc. As well, MPCA's website offers an abundance of industry information, resources and links.

## Regulatory Information & Access

MPCA staff is here to help members with regulatory inquiries and continually monitors state and federal regulatory compliance issues to provide members with timely information and deadline reminders.

## National Association Representation

In order to be heard in Washington, D. C., MPCA partners with the Petroleum Marketers Association of America (PMAA) and other national associations to lobby on important regulatory and legislative issues at the federal level. In addition, MPCA members may utilize PMAA's innovative and complete branding package — **Spirit**.
